

EASY MANHOLE COVERS FRP

Feature & Benefits

- Chemical resistance/corrosion resistance
- Design flexibility/durable
- High impact strength load capacity up to 40T (EN124 D400 compliant)
- High performance at elevated temperatures heat resistance,naturally flam retardant,Superior thermal stability
- Heat resistance,naturally flame retardant,Superior thermal stability
- Lighter weight than metal
- Molded in color
- Outstanding electrical insulation
- Flushed to driveway,noise free & smooth driving experience to customer
- Slip resistant surface and better grip
- UV resistant water tight/vapor tight
- Theft prevention,as it has no scrap value
- Light weight(easy to operate,single person operation) foot lift hand lift
- operate/no hinge no injury/accident risk to operator
- Long life(>25 years) & zero maintenance

Business Specifics

- The payment modes offered by us includes Money transfer through Bank & E-payment.
- Our branches across India,U.A.E,Kenia,Tanzania,Saudia
- We possess trade affiliation from the Maratha Chamber of Commerce.
